**Preamble:** This institute was established with the mission to provide guidance, identifying talent, and enhancing potential, encouraging students to follow their dreams and helping them become successful professionals. Parents have entrusted the future of their children into our hands and thus they play a very important role in the development and enhancement of the quality of this learning experience. Feedback from parents allows the institute to evaluate its service provision and thus cater to providing excellent service towards the students. The feedback analysis process has put an increasing emphasis on the need for involvement of parents in the quality assurance of excellent education. Parent's involvement requires that they play an active role in participating for the holistic development of their children. Likewise every year at the end of the semester in the month of April, feedback forms are distributed to the parents.

**Importance:** The parent feedback is very important as parental involvement not only helps parents contribute positively to their wards learning experience but also can be an indicator of the quality of curriculum imparted by the college. By sharing their opinions, parents provide useful insights that may otherwise go unnoticed. Parent feedback also shed light on any expectations a parent might have for their wards learning experience.

**Process:** The parents are supplied with a pre-printed MCQ style questionnaire and a pre-printed blank option sheet to record their choices. The recorded choices are then processed to obtain the feedback Analysis Report. Every year at the end of the academic session in the month of April, feedback forms are distributed to the parents by the curricular committee.

The IQAC has evolved a formal mechanism to gather feedback on programme from all stakeholders. Keeping in mind the latest developments in the subjects, industry requirements and the societal needs, the IQAC devised structured questionnaires where formal feedbacks on the curriculum are obtained from various stakeholders. The curricular committee take feedback on class room experience from students on various aspects of curriculum offered to them. The institution makes certain that the curriculum offered are in keeping with the demands of the time. A systematic procedure is followed for the feedback. The quality sustenance and quality enhancement measures undertaken are:

- Strict adherence to the guidelines issued by the regulatory authorities from time to time
- Gathering feedback from stake holders
- Discussing issues related to curriculum in the meetings of Heads of Departments and sorting out such issues without delay. The feedback for each teacher is taken by the students for every semester within the academic session. The parameters include the Curriculum taught, Evaluation, Approach, Attitude, Punctuality, etc.

**Importance:** The student feedback is very important to strengthen the quality of teaching learning environment and to look for opportunities to improve teacher's performance in classroom engagement with student to bring excellence in teaching and learning.

**Process:** The students who are regular in the college are selected to provide the feedback. They are supplied with a pre-printed MCQ style questionnaire and a pre-printed blank option sheet to record their choices. A short counselling session of 5 minutes is conducted on how to fill up the option sheet and the meaning of various parameters is explained to participant students. It concludes with that the students have understood and satisfied with the questions appearing in the feedback form. The recorded choices are then processed to obtain the feedback Analysis Report.

**Submission:** The Feedback Analysis Report is forwarded to IQAC for suggestions if any. Finally it is submitted to the College Development Committee (CDC) for its approval.
